

IL HOUSING BLUEPRINT

THE FUTURE OF HOUSING IN ILLINOIS

The 2027 Illinois Housing Blueprint, led by the Illinois Housing Development Authority (IHDA), will provide an analysis of the state of housing in Illinois, with a particular emphasis on the ways in which Illinois can improve the **resiliency and equity** of housing markets across the state.

The Blueprint will be a tool for municipalities, state agencies, nonprofits, and local leaders across the state to better understand how housing fits into the economic fabric of their region and to support targeted, community-specific policy and investment decisions.

The Blueprint aims to amplify the voices of Illinoisans living and working in communities across the state. There are many ways to get involved, ask questions, and share your ideas. Your input will help shape the plan!

You can get involved by filling out our online community survey and attending one of our community listening sessions across the state. We will use the insights collected to guide our planning process.
